VARIABLE COSTS	
Many factors are involved when estimating the cost of the egg donation process. The cost sheets we provide are a tool for you to understand the financial responsibilities involved. They are, however, average estimates and your individual situation can vary, depending upon the unique factors of your own case. The following list represents items that we recommend you take into consideration when attempting to estimate and budget costs for your egg donation process:	
Higher egg donor compensation (for experienced donors)	\$12,000.00
Travel and hotel expenses for egg retrieval (for donors working with a clinic outside of their area)	\$0 – \$6,500.00 or more
Outside monitoring for the egg donor (for donors working with a clinic outside of their area)	\$0 – \$4,500.00 or more
